Description

Tucked away in a peaceful corner of northern Bucharest, where the rhythm of the city slows down and the forest breathes nearby, lies a modern apartment that perfectly balances urban comfort with the serenity of nature. Located in the Băneasa – Iancu Nicolae area, this 1-bedroom apartment, situated on the 4th floor of a newly completed building from 2024, offers a refined living experience in a setting both bright and efficient.

Located In One Of Bucharest’s Most Desired Residential Areas

Spanning 51 square meters, the apartment faces east, bathing the interiors in morning light and creating a welcoming, warm atmosphere. The layout is thoughtfully designed — a spacious living room blends seamlessly with a fully equipped open kitchen, while the separate bedroom offers privacy and comfort. The bathroom is contemporary and well-appointed, and the private balcony opens up to a tranquil forest view, bringing a rare sense of calm and connection to nature.

Designed with attention to every detail, the apartment features underfloor heating, triple-glazed PVC windows, a secure metal entrance door, and a building-wide central heating system. To ensure year-round thermal comfort, two Gree air conditioning units are installed in both the living room and

bedroom. All appliances and electronics are from Samsung, including an oven, electric cooktop, extractor hood, dishwasher, washing machine, television, vacuum cleaner, and iron.

The property is part of a new residential complex surrounded by forest and built for those who appreciate space, silence, and a healthier lifestyle. A private above-ground parking space is included, located conveniently next to the building. The community also features a swimming pool, gym and spa, playgrounds, on-site supermarkets, 24/7 security, landscaped areas, street lighting, and nearby public transport options.

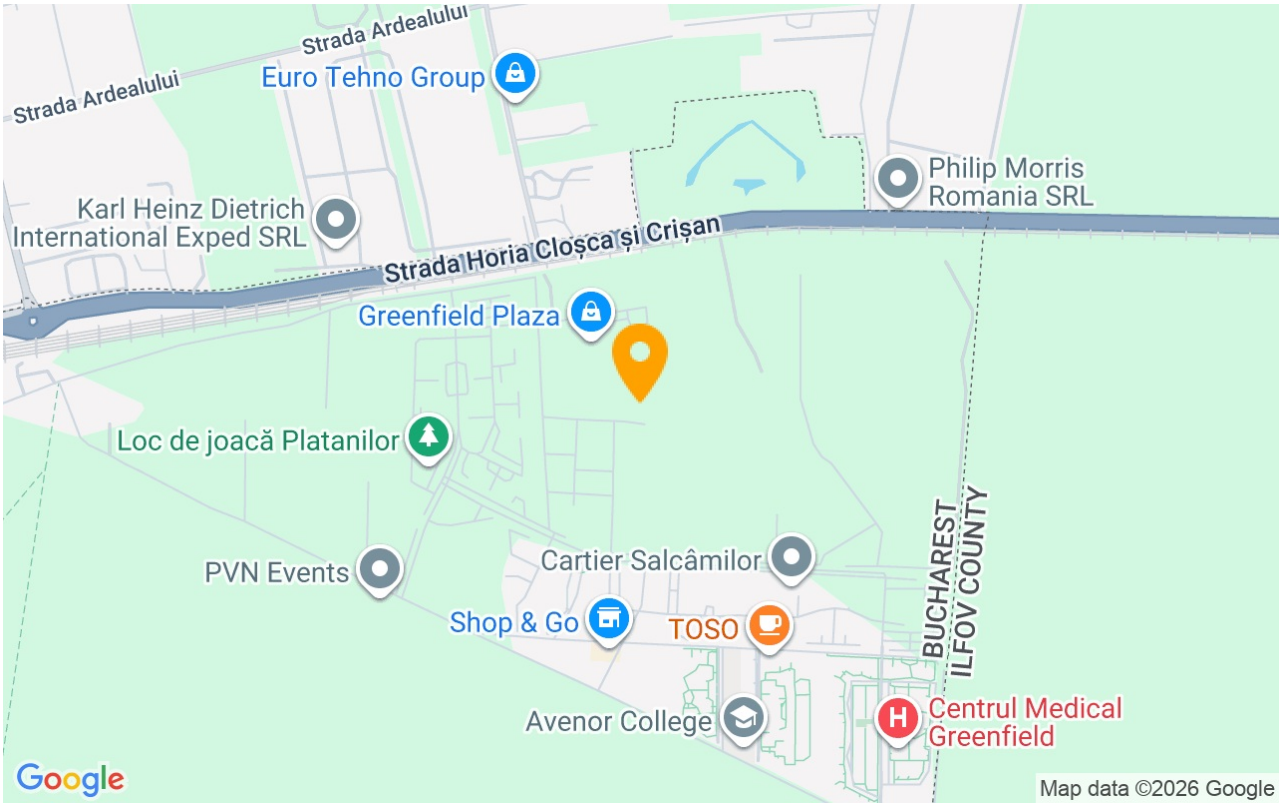

This is more than just an apartment — it’s a home that offers balance. It’s a place where modern living meets the peace of nature, where each day starts with light and silence, and where comfort goes hand in hand with simplicity and beauty.
