Description

Set in one of the most desirable residential areas near Iancu Nicolae, this spacious 3-bedroom apartment offers a rare combination of comfort, privacy, and generous outdoor space. Located on the top floor of a low-rise building completed in 2010, the apartment is part of a secure, well-maintained residential community, designed for modern living.

Located In One Of Bucharest's Most Desired Residential Areas

The property boasts a total surface of 125 square meters, with a smart, fully separated layout that includes a bright and airy living room, a closed kitchen fully equipped for daily use, and three well-sized bedrooms. The master bedroom comes with its own en-suite bathroom featuring a bathtub, while the second bathroom, equally generous, serves the other rooms. The apartment also includes two balconies and a remarkable 75 sqm terrace — an expansive outdoor area perfect for entertaining, relaxing in the sun, or transforming into a green retreat in the heart of the city.

Fully furnished and equipped, the apartment includes essential appliances such as a refrigerator, oven, washing machine, and two air conditioning units. It also comes with two dedicated underground parking spaces and a separate storage room — valuable additions for those who appreciate

organization and convenience. The building itself is part of a residential complex with only three floors, featuring a private courtyard, 24/7 security, and maintenance services that ensure cleanliness and peace of mind.

The location is ideal, with nearby access to both public and private schools, including the German School, fitness centers, shopping venues, and multiple public transport options. The Pipera metro station can be reached in just a few minutes by car. This home is perfect for families or professionals looking for a spacious apartment in a quiet, green, and well-connected area, where quality of life meets smart functionality.
