Interior and Functionality

The living room is spacious and bright, with floor-to-ceiling panoramic windows in Schüco aluminium frames. The glazing opens on a double system that joins the living room with the balcony and extends the day area outdoors. The bedroom has generous glazing and its own access to the balcony, so both rooms enjoy abundant natural light.

The kitchen has custom-made integrated furniture, an induction hob, a high-performance hood and a large fridge with integrated freezer. Equipment includes an AEG 10 kg washer with heat-pump drying, a large Sony LED TV in the living room, an additional TV in the bedroom and Sony and Philips appliances. The bathroom has premium finishes and ambient lighting controlled by remote.

The finishes were selected under the interior designer's direction: walls fully decorated with San Marco decorative paint, high-quality parquet, Pinum interior doors with Italian design, a double door to the living room, and tiles imported from Portugal and Spain. Electric blinds and ambient lighting are remote-controlled, independently in each room.

The generous balcony is accessible from both the living room and the bedroom, has a glass balustrade and offers an open view toward green space and Pădurea Băneasa. The main air conditioning unit sits on the building's roof terrace, so the balcony stays free of technical equipment and can be fully furnished for outdoor dining, lounge chairs and relaxation.

Location and Lifestyle

Iancu Nicolae is one of the most sought-after residential areas in northern Bucharest, chosen by families who put quiet, security and proximity to international schools first. The building sits about 200 meters from the main road, with no traffic passing in front of or behind it, and underground-only parking keeps the complex calm and pedestrian-focused.

For families with children, the advantage is direct: Mark Twain International School is about 2 minutes on foot, and British School of Bucharest about 3 minutes by car. The daily school run becomes short and predictable, a key criterion for expat families and for Romanian families who choose their home around their children's school.

Daily shopping is close to home, with supermarkets, including non-stop options, restaurants, cafés and shopping centres nearby. The area gives access to leading private medical facilities in northern Bucharest, and with school, shopping and services in the same part of the city, less time is spent in

daily traffic.

Henri Coandă International Airport is about 8 km away and Piața Victoriei about 10 km, with quick access to the area's main roads and to the northern office hubs. Steady demand for premium homes in Iancu Nicolae, supported by the international schools and the limited supply of land, makes this property a sound choice both as a home and as a long-term investment.

At BLISS Imobiliare, we ensure a seamless experience through professionalism and market expertise. Trust BLISS Imobiliare to guide you to the perfect property with clarity and care.
