Location & the Fundeni Lifestyle

The Fundeni area, Sector 2, has emerged in recent years as one of eastern Bucharest's most appealing residential destinations, driven by its direct position on the lake and the arrival of modern developments such as SunLake Residence. The area offers a rare balance between city proximity and an extensive natural setting, with green spaces, a lakeside promenade, and recreational areas built directly along the water's edge.

SunLake Residence is a premium residential complex with a built area of over 30,000 sqm, made up of 3 buildings of 12 floors each, totaling 254 apartments - ranging from 2-room units and studios to 3-room apartments and duplex penthouses such as this one. Contemporary architecture, generous terraces with panoramic views, and careful attention to finishes and common areas position the complex as a residential landmark in the eastern part of the capital.

Access to central Bucharest and to Sector 2's main arteries is straightforward via Șoseaua Fundeni. For residents and for companies seeking a representative business address, the area offers both quiet and extensive green space, along with solid connectivity to the rest of the city, within a complex that blends modern technology with nature.
