Imagine waking up to a peaceful morning, sunlight pouring onto your bedroom balcony, while the children laugh and play in the safe, green courtyard outside. This isn't just a house – it's where your family will write its happiest memories.

Located in a charming boutique mini-complex in Otopeni – Odaile, this 3-bedroom home with a spacious attic is the perfect haven for a modern family who values peace and quiet, yet needs fast access to Bucharest, DN1, and the North Ring Road.

Built in 2016, the complex includes only 7 homes and offers a warm, friendly community made up of young families with children – a place where kids grow up safely, have their own playground, and neighbors become friends.

Thoughtfully Designed Spaces for Real Family Life

- First floor:

Three welcoming bedrooms designed for comfort and privacy. The master bedroom (facing east) has its own bathroom, dressing area, and a lovely balcony – your quiet morning retreat. The other two bedrooms face the garden, and one of them features its own balcony. A second bathroom is available in the hallway.

- Attic:

A generous, open and bright space – perfect for a playroom, hobby area, home office, or additional storage. It's a blank canvas for whatever your family needs.

- Features that Make a Difference:
- Underfloor heating throughout the home
- Individual gas boiler (Immergas)
- 2 private parking spots right in front of the house
- Electric gate access to the complex for added security
